

VERTEX

O P T I C S

Vertex Optics is in search of an **Optics Technician!**

Vertex is looking for a career-oriented optics technician that is highly motivated, flexible, and a hardworking self-starter. This is a challenging position which requires excellent critical thinking, troubleshooting, and decision-making skills. Applicant must be able to work extended hours, and weekends when needed.

Responsibilities include, but are not limited to:

- Adhere to all company policies
- Follow all safety requirements for materials and equipment
- Maintain quality, yields, productivity, and efficiency
- Meet deadlines and customer deliveries
- Ability to follow instruction
- Perform duties to established standards
- Assist in developing processes
- Document procedures
- Escalate procedural issues as needed
- Maintain a clean and organized work area
- Perform all other tasks, written or verbal, as requested

Required attributes:

- Team player
- Reliable
- Personally accountable
- Open-minded, positive attitude
- Eager
- Attention to detail
- Courteous and helpful to others
- Highly motivated

Desired technical attributes:

- Strong mechanical background (can work on cars, motorcycles, small engines, etc.)
- Strong math skills
- Familiarity with CAD/CAM software
- Familiarity with Microsoft Office
- Blueprint reading/GD&T
- Understanding of Lean Manufacturing

Vertex's number one priority is to provide an enjoyable working environment and prosperity to the entire team. We believe that the key to a successful company starts with the people who comprise it.
