

**Vertex Optics is not just another company, and this opportunity is not just another job!** At Vertex, you are an important member of the team. What you do here matters. Vertex was recognized as one of the 2024 Best Companies to Work for in New York!

## **Optics Technician (*Entry level to Senior level*)**

**Reports to:** Production Manager

**Job Summary:** Fabricate prototype optical components of exceptional quality for use in aerospace, medical, defense, semi-conductor, and energy industries.

### **Expectations:**

- Produce high quality, complex optical components to customers' specifications.
- Set up and operate conventional optical manufacturing equipment and/or computer-controlled fabrication machines (5- axis simultaneous CNC equipment).
- Prepares tooling for grinding, polishing or measurement setups.
- Use measurement devices such as CMM, micrometers, etc.
- Use knowledge, skills and intellect to solve complex problems.
- Hold close tolerances during the fabrication and integration of complex optical configurations.
- Follow engineering drawings, manufacturing instructions, procedures, process specifications, schematics, sketches, or verbal instructions.
- Develop exceptional processes and procedures for Vertex teammates to follow.
- Inspect work and hold high quality standards.
- Maintain accurate notes, record data, track job time, and properly fill out documentation.
- Communicate safety, quality, productivity, and personnel issues to supervisor.
- Cross train and assist team members.

### **Qualifications:**

- A.S. or B.S. technical degree highly desired.
- Technical and mathematical aptitude.
- CAM/Mastercam beneficial.
- Computer skills.
- Experience with various glass materials helpful.
- Machinist experience helpful.
- CMM experience helpful.
- Complex problem-solving skills, good judgment, and decision-making skills.
- Self-starter, capable of working with little direction and able to follow procedures.
- Strong work ethic, act with integrity, honest, reliable, dependable, and positive attitude.
- Excellent time management skills with a proven ability to meet deadlines and to prioritize tasks.
- Ability to function well in a fast-paced and challenging environment.

### **Work Schedule:**

- Full Time (40+ hours per week)
- Core hours: Monday – Friday, 7am – 3:30pm
- Flexibility to work overtime and weekends as needed.

**Pay:** \$18-30 per hour depending on experience, skill level, and education. We are open to hiring entry level, mid-level, or senior level candidates.
